

* New Resources

Introducing two solutions to help your state end human trafficking and protect vulnerable populations, especially children & youth.

*Enables success for the **Enhanced Collaborative Task Force** to Combat Human Trafficking model (OVC)

CLOSE GAPS AND STRENGTHEN EFFORTS WITH ROLE-SPECIFIC TRAINING & COMMUNITY ASSESSMENT TOOLS

Greetings, and let me begin by thanking you for all that you do to support those in need in your state. Today, I'm reaching out to share two solutions that can radically **accelerate your state's efforts to end and prevent human trafficking**, particularly in the form of commercial sexual exploitation of children (CSEC).

For over 20 years now, as a justice advocate and human rights lawyer, I've worked with thousands of leaders in government, nonprofit, education, business, healthcare and community sectors to build solutions to end and prevent exploitation. What I know is this: To succeed, every community needs **better education, greater collaboration, and innovative solutions** that increase the impact of all those working to address these issues - because everyone is needed.

For our team, these are not buzz words. It's the hard work we've been doing now for many years - the last decade especially focused on building solutions that could **increase the effectiveness of every community** impacted by human trafficking and the impact of every justice advocate in the field.

Which is why we created:

- **Engage Together® Project** - a transformational community assessment and mapping tool for states that will strengthen your insights, strategies, partnerships, and resources.
- **Justice U™ Essential Knowledge for Addressing CSEC** - an online training series that can equip every child-serving professional in your state, with both foundational and advanced role-based knowledge, with digital certifications and CEUs.

Each of these solutions, separate or combined, are available to strengthen and accelerate your efforts, and can be **customized to your particular state's** policies, laws, partners, and protocols. Let's discuss the opportunities! Reach out at ashleigh@engagetgether.com or 615.318.7281, and again, thank you for all that you do.

*Let us help you meet and exceed the national best practices and recommendations to address child sex trafficking in your state.

*Both of these solutions support the recent best practices and recommendations provided by the National Advisory Committee on the Sex Trafficking of Children and Youth in the United States (2020) and Shared Hope's State Report Cards (2021).

Ashleigh S. Chapman, JD
Founder/CEO

ENGAGE TOGETHER®

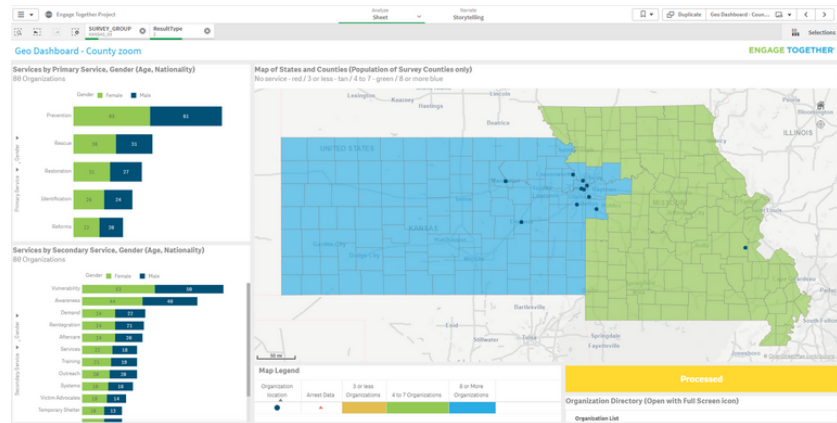

The Engage Together Project is a comprehensive, statewide, **community mapping project** that will illuminate all programs and services in your state.

Through our collaborative process and technologies, you'll gain the **data insights you need to know where efforts are strong, where gaps still exist, what needs are currently present, and how to engage the entire community** in the solution. Plus, you'll end up with a wide range of reports and dashboards, including an easily shareable **directory of all service providers** in your state.

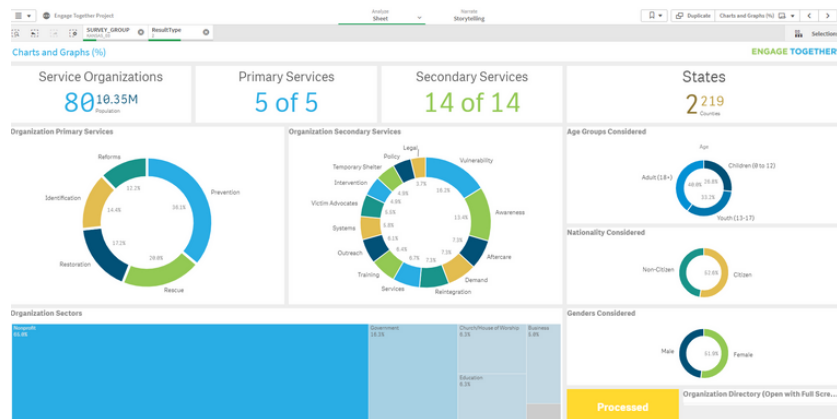

Our goal through this project is to help you **increase strategy, awareness, engagement and collaboration** in your communities, which will accelerate your work to end and prevent human trafficking - and improve care for all those impacted by it.

Testimonials

"Engage Together has been a vital support of Kansas' efforts to combat trafficking since 2013. The community needs assessment and strategies have served to bring together all sectors of our community in a way that tailor meeting the needs of our state. The excellent training through JusticeU provides solutions that can be tailored to meet the challenge of equipping and coordinating various professional fields of service in the state of Kansas."

LUCY BLOOM, EXECUTIVE DIRECTOR
KANSAS CITY COALITION AGAINST SEXUAL
EXPLOITATION & VERONICA'S VOICE

"The Justice U Team has an unmatched commitment to excellence for their evidence-informed content with a special care to creating a trauma aware learning experience. Their professionalism, clear communication, and respect for people's time and resources facilitated efficient and productive collaboration. This training series provides North Carolina with a shared language to talk about CSEC, which brings us one step closer to a statewide response."

ROBIN COLBERT, ASSOCIATE DIRECTOR
& COURTNEY DUNKERTON, ANTI-HUMAN
TRAFFICKING SPECIALIST, NORTH CAROLINA
COALITION AGAINST SEXUAL ASSAULT (NCCASA)

"By partnering with Justice U I have seen firsthand their commitment to providing sound, accessible and engaging information for our stakeholders. Not only are they committed to providing a quality learning experience for the user, they are also committed to strong partnerships in the development and creation of content. Working with Justice U has been an enriching and fulfilling experience."

ABIGAIL BOLDIN, LMSW, CCM, OMBUDSMAN LIAISON
GEORGIA FAMILIES 360, AMERIGROUP

"Wyoming was very excited to cross paths with Engage Together in an effort to strengthen the work of our statewide Task Force on Human Trafficking. Although we are just in the initial phases of seeing what this data can do for us, we are beyond excited for its potential. This program is dynamic and comprehensive and easily portable. I see our Task Force being able to leverage this information to develop policy and solicit private sector engagement that had, as of yet, not been easily achieved."

CARA CHAMBERS, DIRECTOR
DIVISION OF VICTIM SERVICES
OFFICE OF THE ATTORNEY GENERAL
