TOGETHER®**

COUNTY-LEVEL REPORTS & RECOMMENDATIONS

NORTH TEXAS 2025

Engage Together Project for North Texas is made possible by a grant from the Adair Foundation, and is accomplished in collaboration with many partners, including especially the task force and coalition leadership working across North Texas: 5 Stones Task Force, C7 Human Trafficking Coalition, and the North Texas Coalition Against Human Trafficking. Additional local support and leadership for this project include Southern Methodist University's Office of Engaged Learning & SMU's Human Trafficking Data Research Project, Unbound Now, and The Net FW. National partners include Belmont University's Data Collaborative, Pomerol Partners and Qlik. Special thanks also to the National Human Trafficking Hotline and Dark Watch.

Learn more about each of these partners by going to the Project website at engagetgether.com/dfw.

BROUGHT TO YOU BY

HOW TO USE THIS REPORT

Each county-level report includes data insights and recommendations unique to that county.

Here are some helpful details on how to understand and use them.

1 Vulnerable Population index (VPI) score

Every county report includes the overall VPI score for that county, which is developed from a variety of publicly available data sources to help identify communities with a higher **prevalence of the vulnerabilities that human traffickers often exploit**. The higher the index score, the higher the vulnerability within that community. Learn more about the VPI at engagetogether.com/sfl.

2 # of organizations working to support your county

This number represents the number of organizations who report that they are **presently able to serve and support your county**. Importantly, it does not represent how many organizations have a physical location in the county, how accessible those services are to those who need them in your county, or how many individuals those organizations can serve. These will all be questions you'll want to ask as you build connections with the organizations available to your county. We've included a bulleted list of organizations that can serve each county in this report, along with a link to the full Directory.

3 Sector engagement chart

Increasing engagement of multiple sectors in your community will be **key to a successful anti-trafficking effort**. Those sectors that are needed include not just government agencies and nonprofits, but also businesses, educators, healthcare professionals, churches/houses of worship, civic/service clubs, individual practitioners, foundations, and professional associations. Each sector is uniquely positioned to fill gaps in your local community's strategy to end and prevent human trafficking and to provide needed support for victims, survivors, and at-risk populations.

4 Programs highlighted in yellow

We highlight items in yellow to point out which program areas (primary and secondary) **need to be strengthened** to improve your local efforts to end human trafficking, and to care well for all those impacted by it. Learn more about program definitions [at this link](#).

5 These reports are an assessment of your county's current efforts. Use them to catalyze the conversations, collaborations, and change that are needed to strengthen your local community's strategy.

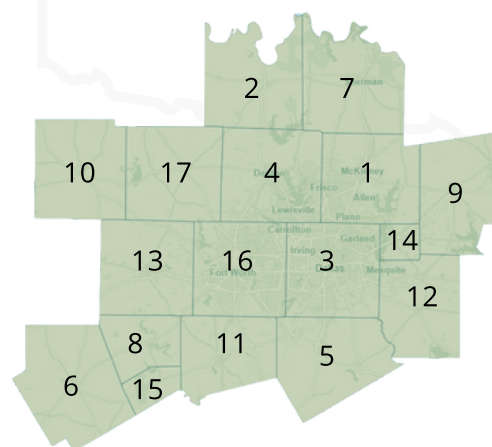

NORTH TEXAS

This report includes assessments and recommendations for 17 counties across North Texas. This report is based on open-source and shared data gathered in 2024-2025, and is arranged alphabetically.

NORTH TEXAS

- | | |
|------------|---------------|
| 1. Collin | 10. Jack |
| 2. Cooke | 11. Johnson |
| 3. Dallas | 12. Kaufman |
| 4. Denton | 13. Parker |

SUPPLEMENTAL REPORTS

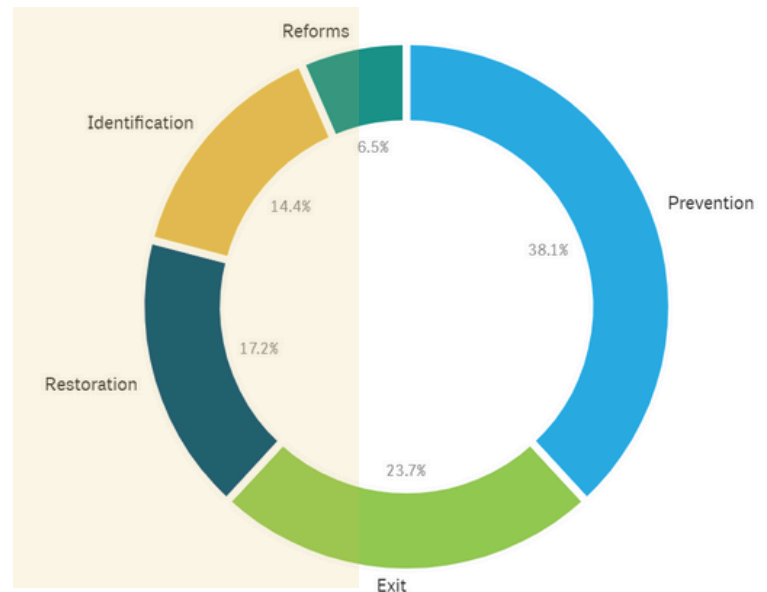

Review these County-Level reports alongside the full North Texas Community Assessment report and the Directory for a clearer picture of the current strengths, gaps, needs, and opportunities to enhance your efforts to end and prevent human trafficking. Use these reports to catalyze deeper conversations, greater collaborations, and strategic planning for your local community.

COUNTY REPORT: COLLIN

84.3% vulnerable population index (VPI) score

92 organizations working to address **human trafficking**

158 organizations working with high-risk populations who **need to receive training and connection** to the anti-trafficking community

PROGRAMS & SECTORS

The **graph above** breaks down current anti-trafficking programs by percentage of effort across 5 primary categories. The **graphs below** provide insight into the percentage of effort across 14 sub-categories and also highlight sector engagement in the county.

Secondary Service	% Active Orgs	Service Organizations
Totals	100%	92
Vulnerability	60%	55
Awareness	45%	41
Services	42%	39
Reintegration	35%	32

Business	7%
Foundation	5%
Healthcare	3%
Education	3%
Church/House of Worship	3%
Task Force	2%
Professional Association	2%
Other	2%
Individual Practitioner	1%
Coalition	1%

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Collin County include individuals experiencing poverty, homelessness, hunger, or DV/SA, and refugees and recent migrants. Those that currently receive the least support include **youth in and aging out of foster care, drug endangered children,** and individuals who are either **justice- or gang-involved.**

VPI SCORE DETAILS

Collin County's overall VPI score in Texas is high at 84%, driven by even higher scores in 3 of 6 categories of risk as follows:

Human Trafficking (98%): prevalence of known and/or identified human trafficking activity, as indicated by hotline stats, IMB counts, and crimes of human trafficking

At-Risk Industries (98%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

Local Environment (93%): prevalence of crimes that are often correlated with or can escalate to trafficking (e.g. domestic violence, sexual assault, weapons or drug offenses)

OF NOTE:

Collin Co. has the **highest # of IMBs (illicit massage businesses)*** in North Texas (same as Dallas), and the highest prevalence of DV/SA.

**183 according to Dark Watch data.*

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Given the prevalence of many risk factors, Collin Co. will need to proactively strengthen strategies to better address **both sex and labor trafficking**, including **outreach** to at-risk populations to help them know how to stay safe or seek help.

Train all 158 organizations working with at-risk populations how to recognize and respond to both labor and sex trafficking.

As trainings increase, identifications will follow. Mobilize **multi-sector engagement** to meet needs and fill gaps.

Increase **demand reduction** efforts through a combination of strengthening criminal justice reforms and shifting community culture, and shut down IMBs.

Healthcare	2%
Coalition	2%

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Cooke County include individuals experiencing poverty, DV/SA, and homelessness. Those that currently receive the least support include **refugees and recent migrants, drug endangered children**, and individuals who are either **justice- or gang-involved**.

VPI SCORE DETAILS

While Cooke County's overall VPI score in Texas is 56.7%, it scores higher than that in 3 of 6 categories of risk as follows:

At-Risk Industries (74.8%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

Demographics (64.8%): prevalence of individuals who may lack support networks and safety nets (e.g. individuals who are foreign-born or non-English-speaking, single-parent households, and individuals with disabilities)

Local Environment (59.8%): prevalence of crimes that are often correlated with or can escalate to trafficking (e.g. domestic violence, sexual assault, weapons or drug offenses)

OF NOTE:
In North Texas, Cooke Co. has the **highest prevalence of drug offenses** and the second highest prevalence of **juvenile arrest rates**.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Traffickers often exploit vulnerabilities by luring victims first with promises of work, shelter, food, and support. **Proactively connect at-risk individuals in Cooke Co. to safe and supportive community** to prevent exploitation.

Train all 54 organizations working with at-risk populations how to recognize and respond to **both labor and sex trafficking**.

Strengthen local strategies and partnerships to **identify and support** drug endangered children and system involved youth.

Build bridges to existing human trafficking programs across North Texas, especially temporary shelters, victim advocates, immediate services, and long-term support.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Dallas County include individuals experiencing poverty, homelessness, hunger, or DV/SA, and refugees and recent migrants. Those that currently receive the least support include **youth in and aging out of foster care**, individuals who are **justice- or gang- involved**, and **drug endangered children**.

VPI SCORE DETAILS

Dallas County shows the highest overall VPI score in North Texas at 94.9%, driven by scores above 90% in 3 of 6 categories of risk as follows:

At-Risk Industries (100%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

Demographic (94.1%): prevalence of individuals who may lack support networks and safety nets (e.g. individuals who are foreign-born or non-English-speaking, single-parent households, and individuals with disabilities)

Human Trafficking (93.5%): prevalence of known and/or identified human trafficking activity, as indicated by hotline stats, IMB counts, and crimes of human trafficking

OF NOTE:

Dallas is the **#1 at-risk county in North TX** (#14 in the state), with the highest prevalence in the region of at-risk industries, demographic vulnerabilities, and # of IMBs (illicit massage businesses)*

**183 according to Dark Watch data.*

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

With so many risk factors present in Dallas Co., and so many organizations working to address them, **strengthening collaborations** across all those actively engaged in supporting victims, survivors, and at-risk populations will be key to increasing **outreach, interventions, and care**.

Train all 355 organizations working with at-risk populations how to recognize and respond to **both labor and sex trafficking**.

Strengthen **demand reduction** efforts and shut down IMBs.

Mobilize **multi-sector engagement** alongside government and nonprofit efforts **to identify** human trafficking, and **to meet needs** and increase support for all victims, survivors, and at-risk populations.

COUNTY REPORT: DENTON

70.9% vulnerable population index (VPI) score

84 organizations working to address **human trafficking**

121 organizations working with high-risk populations who **need to receive training and connection** to the anti-trafficking community

PROGRAMS & SECTORS

The **graph above** breaks down current anti-trafficking programs by percentage of effort across 5 primary categories. The **graphs below** provide insight into the percentage of effort across 14 sub-categories and also highlight sector engagement in the county.

Secondary Service	% Active Orgs	Service Organizations
Totals	100%	84
Vulnerability	56%	47
Awareness	45%	38
Services	37%	31
Intervention	26%	22
Reintegration	26%	22
Training	23%	19
Outreach	20%	17
Aftercare	17%	14
Demand	15%	13
Victim Advocates	15%	13
Systems	14%	12
Policy	12%	10
Temporary Shelter	11%	9
Legal	8%	7

Sector Type	% Active Orgs
Totals	100%
Nonprofit	35%
Government	21%
Legal	11%
Foundation	6%
Education	6%
Healthcare	5%
Business	5%
Church/House of Worship	4%
Task Force	2%
Professional Association	2%
Other	1%
Individual Practitioner	1%
Coalition	1%

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Denton County include individuals experiencing poverty, homelessness, DV/SA, and hunger. Those that currently receive the least support include **youth aging out of foster care**, **drug endangered children**, and individuals who are **justice- or gang-involved**.

VPI SCORE DETAILS

While Denton County's overall VPI score in Texas is 70.9%, it scores exceedingly high scores in 3 of 6 categories of risk as follows:

At-Risk Industries (97.9%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

Human Trafficking (96.8%): prevalence of known and/or identified human trafficking activity, as indicated by hotline stats, IMB counts, and crimes of human trafficking

Local Environment (84.6%): prevalence of crimes that are often correlated with or can escalate to trafficking (e.g. domestic violence, sexual assault, weapons or drug offenses)

OF NOTE:
Denton Co. **borders four counties** with risk rates above 90% for known and/or identified human trafficking activity: Tarrant, Dallas, Grayson, and Collin.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Expand efforts to address **labor trafficking**, including proactive outreach to at-risk populations.

Increase local accessibility of **temporary shelters, victim advocates**, and **aftercare** support for all survivors.

Train all 121 organizations working with at-risk populations how to recognize and respond to both labor and sex trafficking.

Strengthen **demand reduction** efforts and shut down IMBs.*

*96 according to Dark Watch data

Given the prevalence of local environment risk paired with lacking support of **justice- or gang-involved** individuals, prioritize **outreach and intervention** efforts for this specific population especially.

Legal	12%	7
Temporary Shelter	9%	5

Sector Type	% Active Orgs
Totals	100%
Nonprofit	37%
Government	25%
Foundation	9%
Legal	7%
Business	7%
Education	5%
Professional Association	4%
Other	2%
Individual Practitioner	2%
Healthcare	2%
Coalition	2%

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Ellis County include individuals experiencing DV/SA, poverty, and homelessness, as well as children in and youth aging out of foster care. Those that receive the least support are individuals who are **justice- or gang-involved** and **drug endangered children**.

VPI SCORE DETAILS

While Ellis County's overall VPI score in Texas is 62.2%, it scores higher in 3 of 6 categories of risk as follows:

At-Risk Industries (90.2%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

Human Trafficking (83.6%): prevalence of known and/or identified human trafficking activity, as indicated by hotline stats, IMB counts, and crimes of human trafficking

Demographic (68.7%): prevalence of individuals who may lack support networks and safety nets (e.g. individuals who are foreign-born or non-English-speaking, single-parent households, and individuals with disabilities)

OF NOTE:

Families are in need in Ellis Co. **Mobilizing faith-based and community groups** to support basic needs and provide safe community is an effective prevention strategy.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Traffickers exploit vulnerable individuals by luring them with promises of love, work, shelter, food, and support. Connect at-risk individuals to safe people and supportive networks to **strengthen prevention and early intervention**.

Train all 68 organizations working with at-risk populations how to recognize and respond to both labor and sex trafficking.

Mobilize **multi-sector engagement** to increase local availability of needed resources.

Build bridges to existing human trafficking programs across North Texas, especially temporary shelters, victim advocates, and aftercare support.

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Erath County include individuals experiencing homelessness, poverty, DV/SA, and hunger. Those that currently receive the least support include **drug endangered children** and individuals who are **justice- or gang-involved**.

VPI SCORE DETAILS

Erath County's overall VPI score in Texas is 47.2%, but scores are higher in 3 of 6 categories of risk as follows:

At-Risk Industries (79.2%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

Local Environment (71.3%): prevalence of crimes that are often correlated with or can escalate to trafficking (e.g. domestic violence, sexual assault, weapons or drug offenses)

Human Trafficking (58.3%): prevalence of known and/or identified human trafficking activity, as indicated by hotline stats, IMB counts, and crimes of human trafficking

OF NOTE:

Though Erath Co. scores lower in North Texas for overall risk for human trafficking, it has the highest prevalence in the region of people experiencing **poverty** and **food insecurity**.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Traffickers exploit vulnerable individuals by luring them with promises of work, shelter, food, and support. **Proactive outreach** is needed to connect at-risk individuals to the information and resources they need to stay safe or seek help.

Train all 59 organizations working with at-risk populations how to recognize and respond to both labor and sex trafficking.

Mobilize **multi-sector engagement** to increase local resources, and consider **mobile units** to reach vulnerable persons.

Build bridges to existing human trafficking programs across North Texas, especially temporary shelters, victim advocates, and aftercare support.

Victim Advocates	7%	4

Sector Type	% Active Orgs
Totals	100%
Nonprofit	34%
Government	25%
Foundation	9%
Business	7%
Legal	5%
Education	5%
Task Force	4%
Professional Association	4%
Other	2%
Individual Practitioner	2%
Healthcare	2%
Coalition	2%

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Grayson County include individuals experiencing poverty, homelessness, hunger, or DV/SA, followed by youth in and aging out of foster care. Those that currently receive the least support include **refugees and recent migrants, drug endangered children,** and individuals who are **justice- or gang-involved**.

VPI SCORE DETAILS

Grayson County's overall VPI score in Texas is high at 82.1%, and scores even higher in 3 of 6 categories of risk as follows:

Human Trafficking (90.2%): prevalence of known and/or identified human trafficking activity, as indicated by hotline stats, IMB counts, and crimes of human trafficking

Local Environment (85.8%): prevalence of crimes that are often correlated with or can escalate to trafficking (e.g. domestic violence, sexual assault, weapons or drug offenses)

At-Risk Industries (84.7%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

OF NOTE:

Grayson has an elevated prevalence of **underserved and yet high-risk youth**, including disconnected youth, justice-involved youth, minors with disabilities, and drug endangered children.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Traffickers exploit vulnerable youth by luring them with promises of love, work, shelter, food, and support. **Connect at-risk youth to safe people and supportive networks** in order to strengthen prevention and early intervention strategies.

Train all 83 organizations working with at-risk populations, and **all child-serving professionals**, how to recognize and respond to human trafficking.

Expand outreach to **justice- and system-involved** individuals to help them stay safe or seek help.

Mobilize multi-sector engagement to **increase local availability of critical programs** to support survivors of human trafficking, especially temporary shelters, victim advocates, aftercare, and reintegration support.

Professional Association	4%
Other	2%
Individual Practitioner	2%
Healthcare	2%
Coalition	2%

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Hood Co. include individuals experiencing DV/SA, poverty, and homelessness, and youth in foster care. Those that receive the least support include individuals experiencing **hunger, drug endangered children**, and individuals who are **gang-involved**.

VPI SCORE DETAILS

While Hood County's overall VPI score in Texas is 44.5%, it has elevated scores in 3 of 6 categories of risk as follows:

At-Risk Industries (82.5%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

Human Trafficking (78.1%): prevalence of known and/or identified human trafficking activity, as indicated by hotline stats, IMB counts, and crimes of human trafficking

Youth (62.6%): prevalence of chronically absent, homeless, justice-involved, and/or disconnected youth, minors with disabilities, and youth in foster care

OF NOTE:

In North Texas, Hood County has the **highest prevalence of justice-involved youth**, along with elevated rates of youth in foster care and individuals experiencing DV/SA.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Human trafficking is occurring and has been identified in Hood County. **Prevention and early intervention** efforts need to expand, especially for children in and youth aging out of foster care, and justice-involved youth.

Train all 56 organizations working with at-risk populations how to recognize and respond to both labor and sex trafficking.

Mobilize **multi-sector engagement** to increase local availability of needed resources.

Build bridges to existing human trafficking programs across North Texas, especially temporary shelters, victim advocates, and aftercare support.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Hunt County include individuals experiencing DV/SA, poverty, or homelessness, and youth in and aging out of foster care. Those that currently receive the least support include individuals who are experiencing **hunger, drug endangered children**, and individuals who are **justice- or gang-involved**.

VPI SCORE DETAILS

Hunt County's overall VPI score in Texas is high at 82.7%, driven by high and/or elevated scores in 4 of 6 categories of risk as follows:

Human Trafficking (90.2%): prevalence of known and/or identified human trafficking activity, as indicated by hotline stats, IMB counts, and crimes of human trafficking

At-Risk Industries (84.7%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

Demographic (69.3%): prevalence of individuals who may lack support networks and safety nets (e.g. individuals who are foreign-born or non-English-speaking, single-parent households, and individuals with disabilities)

Local Environment (69.3%): prevalence of crimes that are often correlated with or can escalate to trafficking (e.g. domestic violence, sexual assault, weapons or drug offenses)

OF NOTE:

Hunt is #1 in the region for **socio-economic** vulnerabilities, e.g. prevalence of individuals experiencing financial, housing, food, or job insecurities.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Given the presence of so many risk factors, Hunt Co. will need to proactively strengthen **prevention and early intervention** strategies, including **outreach** to at-risk populations to help them know how to stay safe or seek help.

Train all 59 organizations working with at-risk populations how to recognize and respond to both labor and sex trafficking.

Increase the availability and accessibility of both **aftercare and reintegration** support for survivors.

Mobilize **multi-sector engagement** alongside government and nonprofit efforts **to identify** human trafficking and **to meet needs** of victims, survivors, and at-risk populations in your community.

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Jack County include individuals experiencing DV/SA, poverty, and homelessness. Those that currently receive the least support include individuals who are experiencing **hunger, drug endangered children**, and individuals who are **gang-involved**.

VPI SCORE DETAILS

While Jack County's overall VPI score in North Texas is 31.1%, it scores exceedingly high in 1 of 6 categories as follows:

Youth (90%): prevalence of chronically absent, homeless, justice-involved, and/or disconnected youth, minors with disabilities, and youth in foster care

Socio-Economic (35%): prevalence of individuals experiencing financial, housing, food, or job insecurities (*Note: this percentage is elevated as compared to other counties in North Texas*)

OF NOTE:

Jack ranks **highest in North Texas** for the presence and prevalence of **youth vulnerabilities** (90%) and is bordered by the two counties with similarly high youth risk scores also (Wise 90% and Parker 80%).

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Traffickers exploit vulnerable youth by luring them with promises of love, work, shelter, food, and support. **Proactive outreach to at-risk youth** to connect them to safe people and support will be critical to prevention and early intervention.

Train all 41 organizations working with at-risk populations, and **all child-serving professionals**, how to recognize and respond to human trafficking.

Expand multi-sector engagement and **cross-county collaborations** to strengthen response and care.

Families are in need in Jack County. **Mobilize your faith-based and community groups** to support basic needs and provide safe community to prevent exploitation.

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Johnson Co. include individuals experiencing DV/SA, poverty, or homelessness, and children in foster care. Those that receive the least support include **refugees & recent migrants**, **drug endangered children**, and individuals who are **justice- or gang-involved**.

VPI SCORE DETAILS

Johnson County's overall VPI score in Texas is high at 78%, driven by even higher scores in 4 of 6 categories of risk as follows:

At-Risk Industries (85.8%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

Local Environment (85%): prevalence of crimes that are often correlated with or can escalate to trafficking (e.g. domestic violence, sexual assault, weapons or drug offenses)

Human Trafficking (83.6%): prevalence of known and/or identified human trafficking activity, as indicated by hotline stats, IMB counts, and crimes of human trafficking

Youth (80%): prevalence of chronically absent, homeless, justice-involved, and/or disconnected youth, minors with disabilities, and youth in foster care

OF NOTE:
Johnson Co. has the **highest prevalence of disconnected youth** in North Texas, and borders counties on nearly every side with high risk for human trafficking.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Given the presence of so many risk factors, Johnson Co. will need to proactively strengthen **prevention and early intervention** strategies, including **outreach** to all at-risk populations to help them know how to stay safe or seek help.

Train all 59 organizations working with at-risk populations how to recognize and respond to both labor and sex trafficking.

Increase the **local availability** of shelters, victim advocacy, services and support for survivors.

Youth are in need in Johnson County. **Mobilize multi-sector engagement** to support basic needs and to help build pathways to education, jobs, and supportive community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Kaufman Co. include individuals experiencing DV/SA, poverty, or homelessness, and children in foster care. Those that receive the least support include **refugees and recent migrants, drug endangered children**, and individuals who are **justice- or gang-involved**.

VPI SCORE DETAILS

While Kaufman County's overall VPI score in North Texas is 65.4%, it scores higher in 3 of 6 categories of risk as follows:

Local Environment (88.2%): prevalence of crimes that are often correlated with or can escalate to trafficking (e.g. domestic violence, sexual assault, weapons or drug offenses)

At-Risk Industries (80.3%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

Human Trafficking (70.4%): prevalence of known and/or identified human trafficking activity, as indicated by hotline stats, IMB counts, and crimes of human trafficking

OF NOTE:
Kaufman ranks #2 for **local environment** vulnerabilities (behind Collin), and yet justice- and gang-involved populations, at high risk of human trafficking, are currently receiving the **least support** in the county.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Expand efforts to address **labor trafficking**, including proactive outreach to at-risk populations.

Increase local accessibility of **temporary shelters, victim advocates, and aftercare** support for all survivors.

Train all 62 organizations working with at-risk populations how to recognize and respond to human trafficking.

Strengthen local strategies and partnerships to **identify and support** drug endangered children and justice-involved youth.

Mobilize **multi-sector engagement**, especially your local faith-based, business, and civic groups, to meet needs and provide safe community for victims, survivors, and at-risk individuals.

Professional Association	4%
Other	2%
Individual Practitioner	2%
Healthcare	2%

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Parker Co. include individuals experiencing poverty, homelessness, and hunger. Those that receive the least support include **youth aging out of foster care, refugees and recent migrants, drug endangered children**, and individuals who are **gang-involved**.

VPI SCORE DETAILS

Parker County's overall VPI score in Texas is elevated at 72.4%, driven by even higher scores in 4 of 6 categories of risk as follows:

At-Risk Industries (86.9%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

Human Trafficking (85.8%): prevalence of known and/or identified human trafficking activity, as indicated by hotline stats, IMB counts, and crimes of human trafficking

Youth (80%): prevalence of chronically absent, homeless, justice-involved, and/or disconnected youth, minors with disabilities, and youth in care

Local Environment (79.9%): prevalence of crimes that are often correlated with or can escalate to trafficking (e.g. domestic violence, sexual assault, weapons or drug offenses)

OF NOTE:

Parker has **one of the highest rates** of individuals experiencing **homelessness** in North Texas, an underserved population and yet at high risk for both labor and sex trafficking.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Given the presence of so many risk factors, Parker Co. will need to proactively strengthen **prevention and early intervention** strategies, including **outreach** to all at-risk populations to help them know how to stay safe or seek help.

Train all 85 organizations working with at-risk populations how to recognize and respond to human trafficking.

Strengthen local strategies and partnerships to **identify and support** drug endangered children and system-involved youth.

Mobilize **multi-sector engagement** to increase local availability of temporary shelters, victim advocates, aftercare and reintegration support.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Rockwall County include individuals experiencing DV/SA, poverty, or homelessness, and children in foster care. Those that currently receive the least support include **drug endangered children**, and individuals who are **justice- or gang-involved**.

VPI SCORE DETAILS

While Rockwall County's overall VPI score in North Texas is 38.2%, it scores high and/or elevated in 3 of 6 categories of risk as follows:

Human Trafficking (89.1%): prevalence of known and/or identified human trafficking activity, as indicated by hotline stats, IMB counts, and crimes of human trafficking

At-Risk Industries (80.3%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

Local Environment (57.1%): prevalence of crimes that are often correlated with or can escalate to trafficking (e.g. domestic violence, sexual assault, weapons or drug offenses)

OF NOTE:

With Rockwall's current risk factors and proximity to high risk counties (Dallas, Collin, and Hunt), **cross-county collaborations** will be critical for interventions and care.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Human trafficking is occurring and has been identified in Rockwall County. **Prevention and early intervention** efforts need to expand, especially for those in your community who lack safety nets and supportive community.

Train all 72 organizations working with at-risk populations how to recognize and respond to both labor and sex trafficking.

Mobilize **multi-sector engagement** to increase local availability of needed resources.

Build bridges to existing human trafficking programs across North Texas, especially temporary shelters, victim advocates, and aftercare support.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Somervell Co. include individuals experiencing DV/SA, poverty, or homelessness, and youth in and aging out of foster care. Those that currently receive the least support include individuals experiencing **hunger, drug endangered children**, and individuals who are **gang-involved**.

VPI SCORE DETAILS

While Somervell County's overall VPI score in Texas is 26.8%, it scores higher in 3 of 6 categories of risk as follows:

Demographic (57.5%): prevalence of individuals who may lack support networks and safety nets (e.g. individuals who are foreign-born or non-English-speaking, single-parent households, and individuals with disabilities)

At-Risk Industries (55%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

Youth (40%): prevalence of chronically absent, homeless, justice-involved, and/or disconnected youth, minors with disabilities, and youth in foster care

NOTE:

For its size and population, Somervell has **elevated prevalence of certain at-risk and underserved populations**: disconnected youth, noncitizens, minors with disabilities, and individuals experiencing homelessness.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Traffickers exploit vulnerable individuals by luring them with promises of work, shelter, food, and support. **Proactive outreach** is needed to connect at-risk individuals to the information and resources they need to stay safe or seek help.

Train all 46 organizations working with at-risk populations how to recognize and respond to both labor and sex trafficking.

Mobilize **multi-sector engagement** to meet needs and to expand resources for underserved communities.

Build bridges to existing human trafficking programs across North Texas, especially temporary shelters, victim advocates, and aftercare support.

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Tarrant County include individuals experiencing poverty, homelessness and hunger. Those that currently receive the least support include **youth aging out of foster care**, **drug endangered children**, and individuals who are **justice- or gang-involved**.

VPI SCORE DETAILS

Tarrant County's overall VPI score in Texas is very high 92.1%, driven by high scores in 3 of 6 categories of risk as follows:

At-Risk Industries (99%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

Human Trafficking (97.9%): prevalence of known and/or identified human trafficking activity, as indicated by hotline stats, IMB counts, and crimes of human trafficking

Demographic (88.6%): prevalence of individuals who may lack support networks and safety nets (e.g. individuals who are foreign-born or non-English-speaking, single-parent households, and individuals with disabilities)

OF NOTE:

Tarrant is the **#2 at-risk county in North TX** (#21 in the state), with elevated prevalence of nearly every risk factor and at-risk population, including IMBs*

**182 according to Dark Watch data*

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

With so many risk factors present in Tarrant Co., and so many organizations working to address them, **strengthening collaborations** across all those actively engaged in supporting victims, survivors, and at-risk populations will be key to increasing **outreach, interventions, and care**.

Train all 253 organizations working with at-risk populations how to recognize and respond to **both labor and sex trafficking**.

Strengthen **demand reduction** efforts and shut down IMBs.

Mobilize **multi-sector engagement** alongside government and nonprofit efforts **to identify** human trafficking, **to meet needs**, and to help **build pathways** to education, jobs, and safe community.

COUNTY REPORT: WISE

73.2% vulnerable population index (VPI) score

58 organizations working to address **human trafficking**

68 organizations working with high-risk populations who **need to receive training and connection** to the anti-trafficking community

PROGRAMS & SECTORS

The **graph above** breaks down current anti-trafficking programs by percentage of effort across 5 primary categories. The **graphs below** provide insight into the percentage of effort across 14 sub-categories and also highlight sector engagement in the county.

Secondary Service	% Active Orgs	Service Organizations
Totals	100%	58
Awareness	50%	29
Vulnerability	47%	27
Services	29%	17
Training	22%	13
Intervention	21%	12
Outreach	19%	11
Reintegration	17%	10
Systems	17%	10
Policy	16%	9
Demand	12%	7
Aftercare	10%	6
Legal	10%	6
Victim Advocates	9%	5
Temporary Shelter	7%	4

Sector Type	% Active Orgs
Totals	100%
Nonprofit	38%
Government	24%
Foundation	9%
Business	7%
Legal	5%
Education	5%
Task Force	3%
Professional Association	3%
Other	2%
Individual Practitioner	2%
Healthcare	2%

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Wise County include individuals experiencing poverty, homelessness, DV/SA and hunger. Those that currently receive the least support include **refugees and recent migrants, drug endangered children**, and individuals who are **justice- or gang-involved**.

VPI SCORE DETAILS

Wise County's overall VPI score in Texas is 73.2%, but scores even higher in 3 of 6 categories of risk as follows:

Youth (90%): prevalence of chronically absent, homeless, justice-involved, and/or disconnected youth, minors with disabilities, and youth in foster care

At-Risk Industries (82.5%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

Local Environment (76%): prevalence of crimes that are often correlated with or can escalate to trafficking (e.g. domestic violence, sexual assault, weapons or drug offenses)

OF NOTE:

Given the exceedingly high rate of youth vulnerabilities, paired with local environment risk and proximity to counties with high rates of identified human trafficking activity (Tarrant, Denton, and Parker), **youth in Wise County are at high risk** of exploitation.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Traffickers exploit vulnerable youth by luring them with promises of love, work, shelter, food, and support. **Connect at-risk youth to safe people and supportive networks** in order to strengthen prevention and early intervention strategies.

Train all 68 organizations working with at-risk populations, and **all child-serving professionals**, how to recognize and respond to human trafficking.

Mobilize **multi-sector engagement** to increase local availability of needed resources.

Expand **outreach efforts to identify and support** disconnected youth, drug endangered children, and unaccompanied homeless youth*
Wise has the highest rate of homeless youth in North Texas.
