TOGETHER®**

COUNTY-LEVEL REPORTS & RECOMMENDATIONS

SOUTH FLORIDA 2025

Engage Together Project for SFL is made possible by a grant from a local family foundation, and is accomplished in collaboration with many partners, including especially the task force and coalition leadership working across South Florida: Broward Human Trafficking Coalition, Broward Human Trafficking Task Force/FBI Human Trafficking Task Force, Intercept Task Force of Southwest Florida, Miami-Dade Human Trafficking Coalition, and Southwest Florida Coalition Against Human Trafficking. Additional local support and leadership for this project include the University of South Florida BRIGHT Project, St. Thomas University Human Trafficking Academy, United Abolitionists, Quest 2 Freedom, and SheMeHer. National partners include Belmont University's Data Collaborative, Pomerol Partners and Qlik. Special thanks also to the National Human Trafficking Hotline and Dark Watch

Learn more about each of these partners by going to the Project website at engagetgether.com/sfl.

BROUGHT TO YOU BY

HOW TO USE THIS REPORT

Each county-level report includes data insights and recommendations unique to that county.

Here are some helpful details on how to understand and use them.

1 Vulnerable Population index (VPI) score

Every county report includes the overall VPI score for that county, which is developed from a variety of publicly available data sources to help identify communities with a higher **prevalence of the vulnerabilities that human traffickers often exploit**. The higher the index score, the higher the vulnerability within that community. Learn more about the VPI at engagetgether.com/sfl.

2 # of organizations working to address human trafficking

This number represents the number of organizations who responded in their surveys that they are **presently able to serve and support your county**. Importantly, it does not represent how many organizations have a physical location in the county, how accessible those services are to those who need them in your county, or how many individuals those organizations can serve. These will all be questions you'll want to ask as you build connections with the organizations available to your county. We've included a bulleted list of organizations that can serve each county in this report, along with a link to the full Directory.

3 Sector engagement chart

Increasing engagement of multiple sectors in your community will be **key to a successful anti-trafficking effort**. Those sectors that are needed include not just government agencies and nonprofits, but also businesses, educators, healthcare professionals, churches/houses of worship, civic/service clubs, individual practitioners, foundations, and professional associations. Each sector is uniquely positioned to fill gaps in your local community's strategy to end and prevent human trafficking and to provide needed support for victims, survivors, and at-risk populations.

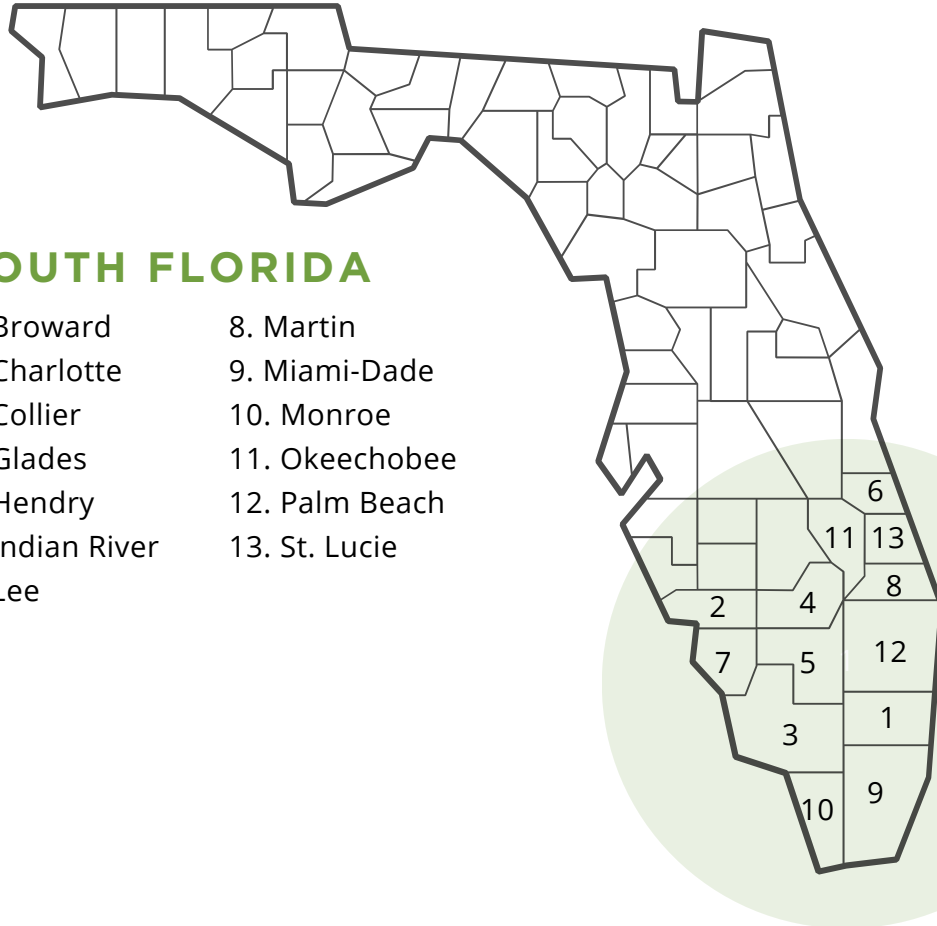

4 Programs highlighted in yellow

We highlight items in yellow to point out which program areas (primary and secondary) **need to be strengthened** to improve your local efforts to end human trafficking, and to care well for all those impacted by it. Learn more about program definitions [at this link](#).

5 These reports are an assessment of your county's current efforts.

Use them to catalyze the conversations, collaborations, and change that are needed to strengthen your local community's strategy.

This report includes assessments and recommendations for 13 counties across South Florida. This report is based on open-source and shared data gathered in 2024-2025, and is arranged alphabetically.

SUPPLEMENTAL REPORTS

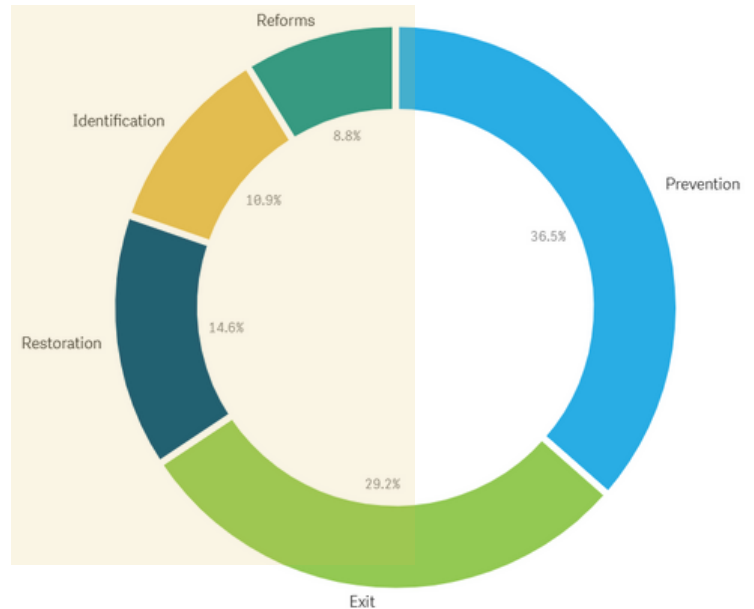

Review these County-Level reports alongside the full South Florida Community Assessment, Task Force & Coalition Reports, and the Directory for a clearer picture of the current strengths, gaps, needs, and opportunities to enhance your efforts to end and prevent human trafficking. Use these reports to catalyze deeper conversations, greater collaborations, and strategic planning for your local community.

COUNTY REPORT: BROWARD

67.2% vulnerable population index (VPI) score

61 organizations working to address **human trafficking**

251 organizations working with high-risk populations who **need to receive training and connection** to the anti-trafficking community

PROGRAMS & SECTORS

The **graph above** breaks down current anti-trafficking programs by percentage of effort across 5 primary categories. The **graphs below** provide insight into the percentage of effort across 14 sub-categories and also highlight sector engagement in the county.

Secondary Service	% Active Orgs	Service Organizations
Totals	100%	61
Vulnerability	77%	47
Services	44%	27
Awareness	31%	19
Reintegration	21%	13
Intervention	16%	10
Aftercare	15%	9
Legal	15%	9
Outreach	15%	9
Training	15%	9
Systems	13%	8
Policy	11%	7
Demand	8%	5
Temporary Shelter	7%	4
Victim Advocates	7%	4

Sector Type	% Active Orgs
Totals	100%
Nonprofit	28%
Legal	25%
Government	15%
Education	10%
Foundation	5%
Business	5%
Other	3%
Healthcare	3%
Coalition	3%
Professional Association	2%
Church/House of Worship	2%

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Broward County include individuals experiencing poverty, hunger, and homelessness. Those that currently receive the least support include **youth aging out of foster care**, and individuals who are either **justice- or gang-involved**.

VPI SCORE DETAILS

While Broward County's overall VPI score in Florida is 67.2%, it scores exceedingly high in 3 of 6 categories of risk as follows:

Human Trafficking (99%): prevalence of known and/or identified human trafficking activity, as indicated by hotline stats, IMB counts, and crimes of human trafficking, including CSEC.

At-Risk Industries (99%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited.

Demographic (98.5%): prevalence of individuals who may lack support networks and safety nets (e.g. individuals who are foreign-born or non-English-speaking, single-parent households, and individuals with disabilities)

OF NOTE:
Broward County has the highest # of **IMBs (illicit massage businesses)*** in all of South Florida
**235 according to Dark Watch data*

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Expand efforts to address **labor trafficking**, including proactive outreach to at-risk populations.

Increase **temporary shelters, victim advocacy** programs, and **reintegration** supports for all survivors.

Train all 251 organizations working with at-risk populations how to recognize and respond to human trafficking.

Strengthen **demand reduction** efforts and shut down IMBs.

Mobilize **multi-sector engagement** to increase support and services for at-risk populations, especially youth aging out of foster care.

COUNTY REPORT: CHARLOTTE

44.8% vulnerable population index (VPI) score

28 organizations working to address **human trafficking**

88 organizations working with high-risk populations who **need to receive training and connection** to the anti-trafficking community

PROGRAMS & SECTORS

The **graph above** breaks down current anti-trafficking programs by percentage of effort across 5 primary categories. The **graphs below** provide insight into the percentage of effort across 14 sub-categories and also highlight sector engagement in the county.

Secondary Service	% Active Orgs	Service Organizations
Totals	100%	28
Awareness	50%	14
Vulnerability	50%	14
Training	36%	10
Intervention	32%	9
Legal	32%	9
Aftercare	29%	8
Policy	25%	7
Services	25%	7
Reintegration	21%	6
Systems	21%	6
Demand	14%	4
Outreach	14%	4
Victim Advocates	14%	4
Temporary Shelter	11%	3

Sector Type	% Active Orgs
Totals	100%
Nonprofit	39%
Government	21%
Coalition	11%
Education	7%
Business	7%
Professional Association	4%
Legal	4%
Foundation	4%
Church/House of Worship	4%

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Charlotte County include individuals experiencing poverty, hunger, DV/SA, and homelessness. Those that currently receive the least support include **youth aging out of foster care**, and individuals who are either **justice- or gang-involved**.

VPI SCORE DETAILS

While Charlotte County's overall VPI score in Florida is 44.8%, it scores above 55% in 3 of 6 categories of risk as follows:

Youth (60%): prevalence of at-risk youth, including chronically absent, homeless, disconnected, runaway, and/or justice-involved youth, children in and aging out of foster care, youth with 4+ ACEs, unverified CSEC cases, and minors with disabilities

At-Risk Industries (56.1%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

Demographic (55.2%): prevalence of individuals who may lack support networks and safety nets (e.g. individuals who are foreign-born or non-English-speaking, single-parent households, and individuals with disabilities)

OF NOTE:
Charlotte Co. **borders two counties with high VPI scores** (i.e. high risk of human trafficking), Lee (79.1%) and Hendry (85.1%).

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Strengthen **prevention and early intervention efforts for at-risk youth**: train all child-serving professionals how to recognize and respond to human trafficking, and educate youth how to stay safe and seek help.

Train all 88 organizations working with at-risk populations how to recognize and respond to both labor and sex trafficking.

Mobilize **multi-sector engagement** to increase local availability of needed resources.

Proactively **build bridges to existing human trafficking programs** across SFL, especially temporary shelters, victim advocates, and immediately accessible services.

Totals	100%
Nonprofit	39%
Government	24%
Coalition	9%
Legal	6%
Education	6%
Business	6%
Professional Association	3%
Foundation	3%
Church/House of Worship	3%

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Collier County include individuals experiencing DV/SA, poverty, or hunger, as well as refugees and recent migrants. Those that currently receive the least support include **drug-endangered children**, and individuals who are either **justice- or gang-involved**.

VPI SCORE DETAILS

While Collier County's overall VPI score in Florida is 47.8%, it scores high in 3 of 6 categories of risk as follows:

At-Risk Industries (80.3%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

Human Trafficking (75.9%): prevalence of known and/or identified human trafficking activity, as indicated by hotline stats, IMB counts, and crimes of human trafficking, including CSEC.

Demographic (73.1%): prevalence of individuals who may lack support networks and safety nets (e.g. individuals who are foreign-born or non-English-speaking, single-parent households, and individuals with disabilities)

OF NOTE:
Collier ranks 2nd in SFL for reported # of **missing persons**, has a higher rate of identified **CSEC cases** as compared to other counties, and also has many risk factors for **labor trafficking**.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

While the overall VPI score across 33 data variables ranks Collier under 50%, certain data points called out above indicate that human trafficking is occurring, and therefore, **identification efforts must be increased** on all fronts.

Train all 92 organizations working with at-risk populations how to recognize and respond to both labor and sex trafficking.

Proactively engage in **outreach** to all at-risk populations to help them stay safe or seek help.

Expand **local availability of critical programs** to support all survivors of either labor or sex trafficking, especially temporary shelters, victim advocates, and reintegration support.

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Glades County include individuals experiencing DV/SA, poverty, or homelessness, and refugees and recent migrants. Those that currently receive the least support include **drug-endangered children**, and individuals who are either **justice- or gang-involved**.

VPI SCORE DETAILS

While Glades County's overall VPI score in Florida is low at 28.4%, it scores near 60% or higher in 3 of 6 categories of risk as follows:

Socio-Economic (94.0%): prevalence of individuals experiencing financial, housing, food, or job insecurities

Youth (60%): prevalence of at-risk youth, including chronically absent, homeless, disconnected, runaway, and/or justice-involved youth, children in and aging out of foster care, youth with 4+ ACEs, unverified CSEC cases, and minors with disabilities

Demographic (59.7%): prevalence of individuals who may lack support networks and safety nets (e.g. individuals who are foreign-born or non-English-speaking, single-parent households, and individuals with disabilities)

OF NOTE:

Glades ranks **#1 in socio-economic vulnerability** in SFL, and **borders two counties** with high VPI scores (i.e. high risk of human trafficking), Okeechobee (83.6%) and Hendry (85.1%).

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Traffickers often exploit vulnerabilities by luring victims first with promises of work, shelter, food, and support. **Meeting the basic needs of vulnerable youth and families** in your community will directly impact prevention from exploitation.

Train all 43 organizations working with at-risk populations how to recognize and respond to both labor and sex trafficking.

Mobilize **multi-sector engagement** to increase local availability of needed resources.

Proactively **build bridges to existing human trafficking programs** across SFL, especially temporary shelters, victim advocates, and immediately accessible services (as there are none primarily located in the county).

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Hendry County include individuals experiencing poverty, DV/SA, hunger, or homelessness, and refugees and recent migrants. Those currently receiving the least support include **youth in and aging out of foster care, drug-endangered children**, and individuals who are **justice- or gang-involved**.

VPI SCORE DETAILS

Hendry County's overall VPI score in Florida is very high at 85.1%, driven by high scores in 3 of 6 categories of risk as follows:

Socio-Economic (88.1%): prevalence of individuals experiencing financial, housing, food, or job insecurities

Demographic (85.1%): prevalence of individuals who may lack support networks and safety nets (e.g. individuals who are foreign-born or non-English-speaking, single-parent households, and individuals with disabilities)

Local Environment (82.1%): prevalence of crimes that are often correlated with or can escalate to trafficking (e.g. domestic violence, sexual assault, weapons or drug offenses)

OF NOTE:
Hendry Co. **ranks 2nd highest** in SFL for risk of human trafficking, and yet ranks one of the **lowest for identifications**.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Proactively engage in **outreach** to all at-risk populations to help them stay safe or seek help.

Increase local accessibility of **temporary shelters, victim advocates**, and **restoration** support for all survivors.

Train all 60 organizations working with at-risk populations how to recognize and respond to human trafficking.

Launch dedicated operations to identify traffickers and buyers, and **decrease demand**.

Reported cases of CSEC are concentrated highest in Hendry Co. **Equip all child-serving professionals** with knowledge on how to identify and report these cases.

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Indian River County include individuals experiencing poverty, DV/SA, and hunger. Those that currently receive the least support include **youth in and aging out of foster care**, and individuals who are either **justice- or gang-involved**.

VPI SCORE DETAILS

While Indian River County's overall VPI score in Florida is low at 25.4%, it scores at or above 50% in 3 of 6 categories of risk as follows:

At-Risk Industries (58.3%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

Demographic (58.2%): prevalence of those who may lack support networks and safety nets (e.g. individuals who are foreign-born or non-English-speaking, single-parent households, and individuals with disabilities)

Youth (50%): prevalence of at-risk youth, including chronically absent, homeless, disconnected, runaway, and/or justice-involved youth, children in and aging out of foster care, youth with 4+ ACEs, unverified CSEC cases, and minors with disabilities

OF NOTE:
Indian River has **high rates of runaway** and **justice-involved youth**, the highest rate in SFL of **youth with 4+ ACEs**, and borders counties with high rates of verified CSEC cases, Okeechobee and St. Lucie.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Traffickers exploit vulnerable youth by luring them with promises of love, work, shelter, food, and support. **Connect at-risk youth to safe people and supportive networks** in order to strengthen prevention and early intervention strategies.

Train all 63 organizations working with at-risk populations, **especially all child-serving professionals**, how to recognize and respond to human trafficking.

Mobilize **multi-sector engagement** to increase local availability of needed resources.

Proactively **build bridges to existing human trafficking programs** across SFL, especially temporary shelters, victim advocates, and immediately accessible services.

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Lee County include individuals experiencing poverty, hunger, DV/SA, and homelessness. Those currently receiving the least support include **youth aging out of foster care**, **drug-endangered children**, and individuals who are **justice- or gang-involved**.

VPI SCORE DETAILS

Lee County's overall VPI score in Florida is high at 79.1%, driven by high scores in 3 of 6 categories of risk as follows:

Human Trafficking (89.1%): prevalence of known and/or identified human trafficking activity, as indicated by hotline stats, IMB counts, and crimes of human trafficking, including CSEC.

At-Risk Industries (89.1%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited.

Demographic (86.6%): prevalence of individuals who may lack support networks and safety nets (e.g. individuals who are foreign-born or non-English-speaking, single-parent households, and individuals with disabilities)

OF NOTE:
The combination of risk factors in Lee Co. indicate **high risk for labor trafficking and CSEC**. Prioritizing outreach will be critical to identifications.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Proactively engage in **outreach** to all at-risk populations to help them stay safe or seek help.

Increase local accessibility of **temporary shelters, victim advocates, and restoration** support for all survivors.

Train all 108 organizations working with at-risk populations how to recognize and respond to **labor and sex trafficking**.

Expand **multi-sector** engagement and **cross-county** collaborations to strengthen response and care.

Reported cases of CSEC, runaway youth, and youth aging out are high in Lee Co. **Equip all child-serving professionals** how to identify and report these cases.

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Martin County include individuals experiencing poverty, hunger, homelessness, and DV/SA. Those that currently receive the least support include **youth in and aging out of foster care**, and individuals who are either **justice- or gang-involved**.

VPI SCORE DETAILS

While Martin County's overall VPI score in Florida is lowest in SFL at 20.9%, it scores at or above 60% in 2 of 6 categories of risk as follows:

Human Trafficking (66.0%): prevalence of known and/or identified human trafficking activity, as indicated by hotline stats, IMB counts, and crimes of human trafficking, including CSEC.

At-Risk Industries (62.7%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

OF NOTE: Martin Co. has **elevated rates of verified CSEC cases, reports of human trafficking, and missing persons**. It also borders counties at high risk of human trafficking, including Okeechobee, Hendry, and Palm Beach.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Even with a low VPI score, human trafficking (including CSEC) is occurring and has been identified in Martin. **Prevention and early intervention** efforts need to expand, and services need to be accessible when identifications are made.

Train all 77 organizations working with at-risk populations, **especially all child-serving professionals**, how to recognize and respond to human trafficking.

Expand **multi-sector** engagement and **cross-county** collaborations to strengthen response and care.

Proactively **build bridges to existing human trafficking programs** across SFL, especially temporary shelters, victim advocates, and aftercare programs and services.

Initiative	1%
Church/House of Worship	1%

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Miami-Dade County include individuals experiencing poverty, hunger, homelessness, or DV/SA, and refugees and recent migrants. Those that currently receive the least support include **youth in and aging out of foster care, drug-endangered children,** and individuals who are either **justice- or gang-involved.**

VPI SCORE DETAILS

Miami-Dade County is the highest risk county in SFL, with an overall VPI score of 91%, and even higher scores in 3 of 6 categories of risk as follows:

At-Risk Industries (100%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited.

Demographic (100%): prevalence of individuals who may lack support networks and safety nets (e.g. individuals who are foreign-born or non-English-speaking, single-parent households, and individuals with disabilities)

Human Trafficking (93.5%): prevalence of known and/or identified human trafficking activity, as indicated by hotline stats, IMB counts, and crimes of human trafficking, including CSEC.

OF NOTE:
Miami-Dade is the **#1 at-risk county in SFL** for both labor and sex trafficking. Engaging the entire community in **proactive identification efforts** is of critical importance.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Proactively engage in **outreach** to all at-risk populations to help them stay safe or seek help.

Increase local availability of **temporary shelters** and **victim advocacy** programs, for both labor and sex trafficking victims.

Train all 220 organizations working with at-risk populations how to recognize and respond to human trafficking.

Strengthen **demand reduction** efforts and shut down IMBs.*

**146 according to Dark Watch data*

Mobilize **multi-sector engagement** to build pathways to jobs, education, and safe community for survivors of all forms of human trafficking.

Systems	19%	5
Demand	15%	4
Aftercare	12%	3
Reintegration	8%	2
Temporary Shelter	8%	2
Victim Advocates	8%	2
Outreach	4%	1

Sector Type	% Active Orgs
Totals	100%
Government	31%
Nonprofit	27%
Education	12%
Business	8%
Professional Association	4%
Legal	4%
Healthcare	4%
Foundation	4%
Coalition	4%
Church/House of Worship	4%

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Monroe County include individuals experiencing poverty, DV/SA, hunger, or homelessness. Those that currently receive the least support include **youth aging out of foster care**, **drug-endangered children**, and individuals who are **justice- or gang-involved**.

VPI SCORE DETAILS

While Monroe County's overall VPI score in Florida is 59.7%, it scores higher in 3 of 6 categories of risk as follows:

Local Environment (98.5%): prevalence of crimes that are often correlated with or can escalate to trafficking (e.g. domestic violence, sexual assault, weapons or drug offenses)

Demographic (62.7%): prevalence of individuals who may lack support networks and safety nets (e.g. individuals who are foreign-born or non-English-speaking, single-parent households, and individuals with disabilities)

At-Risk Industries (59.4%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited

OF NOTE:
Monroe ranks #1 in SFL for **Local Environment** vulnerabilities, and has the highest prevalence of **unaccompanied homeless youth** and the second highest rate of **runaway youth** in SFL.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Traffickers exploit vulnerable youth by luring them with promises of love, work, shelter, food, and support. **Connect at-risk youth to safe people and supportive networks** in order to strengthen prevention and early intervention strategies.

Train all 74 organizations working with at-risk populations how to recognize and respond to both labor and sex trafficking.

Build early intervention strategies for **justice- and gang-involved** individuals in the community.

Mobilize multi-sector engagement to increase **local availability of critical programs** to support survivors of human trafficking, especially temporary shelters, victim advocates, aftercare, and reintegration support.

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Okeechobee County include individuals experiencing DV/SA, poverty, homelessness, or hunger, and refugees and recent migrants. Those that currently receive the least support include **youth in and aging out of foster care, drug-endangered children,** and individuals who are either **justice- or gang-involved.**

VPI SCORE DETAILS

Okeechobee County's overall VPI score in Florida is very high at 83.6%, driven by high scores in 3 of 6 categories of risk as follows:

Youth (100%): prevalence of at-risk youth, including chronically absent, homeless, disconnected, runaway, and/or justice-involved youth, children in and aging out of foster care, youth with 4+ ACEs, unverified CSEC cases, and minors with disabilities

Local Environment (83.6%): prevalence of crimes that are often correlated with or can escalate to trafficking (e.g. domestic violence, sexual assault, weapons or drug offenses)

Socio-Economic (82.1%): prevalence of individuals experiencing financial, housing, food, or job insecurities

OF NOTE:

Okeechobee ranks #1 in SFL for youth vulnerabilities. Combined with high rates of local env. and socio-economic risks, **youth in this county are at exceedingly high risk of human trafficking,** both within the county and in surrounding counties if they run. (Okeechobee has the highest rate of runaway youth as well.)

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Traffickers exploit vulnerable youth by luring them with promises of love, work, shelter, food, and support. **Connect at-risk youth to safe people and supportive networks** in order to strengthen prevention and early intervention strategies.

Train all 49 organizations working with at-risk populations, and **all child-serving professionals,** how to recognize and respond to human trafficking.

Expand outreach to **justice- and system-involved** individuals to help them stay safe or seek help.

Increase **local availability of critical programs** to support survivors of human trafficking, especially temporary shelters, victim advocates, aftercare, and reintegration support.

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in Palm Beach County include individuals experiencing poverty, hunger, and homelessness. Those receiving the least support include **youth aging out of foster care, drug-endangered children**, and individuals who are **justice- or gang-involved**.

VPI SCORE DETAILS

While Palm Beach County's overall VPI score in Florida is 58.2%, it scores exceedingly high in 3 of 6 categories of risk as follows:

Human Trafficking (100%): prevalence of known and/or identified human trafficking activity, as indicated by hotline stats, IMB counts, and crimes of human trafficking, including CSEC.

At-Risk Industries (95.7%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited.

Demographic (88.1%): prevalence of individuals who may lack support networks and safety nets (e.g. individuals who are foreign-born or non-English-speaking, single-parent households, and individuals with disabilities)

OF NOTE:

Palm Beach ranks #1 in Florida for known cases of human trafficking. Combined with the other identified risk factors, **increasing efforts and resources to address labor trafficking** is critically needed.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Expand efforts to address **labor trafficking**, including proactive outreach to at-risk populations.

Increase **temporary shelters, victim advocacy** programs, and **aftercare** supports for all survivors.

Train all 183 organizations working with at-risk populations how to recognize and respond to human trafficking.

Strengthen **demand reduction** efforts and shut down IMBs.*

*109 according to Dark Watch data

Mobilize **multi-sector engagement** to build and support reintegrative pathways to jobs, education, and safe community for survivors of all forms of human trafficking.

COUNTY REPORT: ST. LUCIE

56.7% vulnerable population index (VPI) score

25 organizations working to address **human trafficking**

80 organizations working with high-risk populations who **need to receive training and connection** to the anti-trafficking community

PROGRAMS & SECTORS

The **graph above** breaks down current anti-trafficking programs by percentage of effort across 5 primary categories. The **graphs below** provide insight into the percentage of effort across 14 sub-categories and also highlight sector engagement in the county.

Secondary Service	% Active Orgs	Service Organizations
Totals	100%	25
Vulnerability	48%	12
Awareness	44%	11
Intervention	32%	8
Legal	32%	8
Policy	24%	6
Services	24%	6
Training	24%	6
Systems	20%	5
Aftercare	12%	3
Demand	12%	3
Outreach	8%	2
Reintegration	8%	2
Temporary Shelter	8%	2
Victim Advocates	8%	2

Sector Type	% Active Orgs
Totals	100%
Nonprofit	28%
Government	28%
Education	8%
Coalition	8%
Business	8%
Professional Association	4%
Legal	4%
Foundation	4%
Civic/Service Club	4%
Church/House of Worship	4%

Prioritizing multi-sector engagement will help **meet needs and fill gaps** in your community.

AT-RISK POPULATIONS

Vulnerable populations receiving the most support in St. Lucie County include individuals experiencing poverty, hunger, and DV/SA. Those that currently receive the least support include **youth in and aging out of foster care**, and individuals who are either **justice- or gang-involved**.

VPI SCORE DETAILS

While St. Lucie County's overall VPI score in Florida is 56.7%, it scores higher in 3 of 6 categories of risk as follows:

Demographic (89.6%): prevalence of individuals who may lack support networks and safety nets (e.g. individuals who are foreign-born or non-English-speaking, single-parent households, and individuals with disabilities)

At-Risk Industries (68.2%): prevalence of business types and industries where victims of labor and/or sex trafficking are often exploited.

Human Trafficking (61.6%): prevalence of known and/or identified human trafficking activity, as indicated by hotline stats, IMB counts, and crimes of human trafficking, including CSEC.

OF NOTE:

In SFL, St. Lucie ranks #3 for demographic vulnerabilities, and has the 2nd highest prevalence rate of both **youth aging out of foster care** and verified **CSEC** cases.

RECOMMENDED PRIORITIES

Given all the data shared above, we recommend immediately prioritizing the following efforts to strengthen your community's response.

Human trafficking (including CSEC) is occurring and has been identified in St. Lucie. **Prevention and early intervention** efforts need to expand, especially for youth in and aging out of foster care (and other underserved populations).

Train all 80 organizations working with at-risk populations, **especially all child-serving professionals**, how to recognize and respond to human trafficking.

Mobilize **multi-sector engagement** to increase local availability of needed resources.

Proactively **build bridges to existing human trafficking programs** across SFL, especially temporary shelters, victim advocates, and aftercare programs and services.
